

August 31, 2021

Dear Families,

We are getting ready for the start of the 2021 education year at St. Matthew – and Covid-19 is still a thing with the Delta variant wreaking havoc.

However, because of our numbers and the space available to us at St. Matthew, and the current State of MN and CDC guidelines, we ARE able to continue in-person Sunday School and Wednesday classes and activities, with certain modifications and changes, as you might expect. Masks for unvaccinated folks are expected, and masks for vaccinated folks are HIGHLY recommended inside the building.

In this mailing you will find everything you need to know (and maybe more) about the plans for in-person Children's Ministries at St. Matthew for the coming education year. Obviously if things change with the virus, we will make changes as well. Stay informed!

To D.C.L.C. Families – if you do not have a church home, know that you are welcome to join us on Sundays (and Wednesdays) at St. Matthew. Church membership is not required in order to participate in St. Matthew classes/activities.

Inside the Children's Ministries Handbook, you will find 2 inserts, folded and placed in the center. These inserts include:

- Education plan/lesson themes for the coming year
- A plan for Wednesdays including gym rules

If you wish to receive regular email updates about St. Matthew Children's Ministries, please be sure that I have your email contact information.

If you no longer wish to receive mailed or emailed communications about St. Matthew Children's ministries, please let me know.

Blessings,

Brenda Hugo
