

Wednesdays

We hope to be back to kinda 'normal' for our Wednesday stuff. Keep watching for updates as things may change.

Note: Chart times are not even increments.

All children (including teens) must be in a supervised room, or en-route to a supervised room. **Children are not allowed to roam the building or grounds, or 'hang out' unsupervised.** This is for your child's safety as the front doors are unlocked during this time and other groups also meet in the building.

***The \$2 Simple Supper is ON HOLD** because of the current rise in Covid cases. Please bring your own bag lunch until we are able to resume these meals.

Gym/Building Use Policy

The gym will be supervised on Wednesday evenings for the use of anyone who is involved in, or has family members involved in, classes and/or choirs. Gym supervisors are volunteers who have passed a St. Matthew background check.

Gym Rules:

- **Those unvaccinated must wear masks inside the building – even the gym (except while eating).** And mask wearing is also *highly recommended* for those vaccinated. *(A supervisor may omit masks **if** there are only a couple of children in the gym and they are far apart.)*
- Be respectful and considerate of others, especially smaller people.
- No balls/toys may be thrown at another person unless it is part of an organized game.
- No flying objects allowed without an intended person aware to catch them.
- Only children in Kindergarten or younger may use the D.C.L.C. riding toys.
- If a child is young enough to use the riding toys, no crashing into people/objects.
- Blue mats are only to be used as tumbling mats *(no shoes on the mats)*.
- Eat/Drink ONLY in the Fellowship Hall. *(exception – beverages with secure lids are allowed)*
- If you need to leave the gym, you must inform a supervisor of where you are going and why, and receive permission to do so.
- **When a child is done with a toy, it must be sanitized before re-use or being put away.**
- Assist in safely sanitizing and putting away all toys/supplies if asked to do so.
- Listen to and be respectful of direction given by the supervisors.

If the behavior of any participant interferes with the safety of others, the following steps are taken:

- a) A conversation happens between a supervisor and participant, explaining why the behavior is unacceptable. *(However if a child knows the behavior is not okay, step 'a' may be skipped.)*
- b) If inappropriate behavior occurs a second time in the same evening, the participant is given a short time-out on the stage.
- c) If it is necessary to have a second time-out then the parent is notified so support can be given from home to correct the specific behavior.

Use of the gym is a privilege, not a right.

Misuse of the gym may result in not being able to use the gym.
